EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 1, line 2, after "space and ", "communicating with the interior storage space" has been deleted; in line 3, after "lip", "with a hook retainer surface" has been deleted and replaced there --communicating with the interior storage space, the upper opening lip having a hook retainer--.

Claim 1, lines 1-3, has been amended as follows:

1. A child-proof container comprising:

a container having an interior storage space and [communicating with the interior storage space] an upper opening lip communicating with the interior storage space, the upper opening lip having a hook retainer [with a hook retainer surface] connected to the opening

2. The following is an examiner's statement of reasons for allowance: claims 1-4 have been allowed because the prior art of record does not disclose or suggest a child-proof container comprising a cover being attached to a container by a living hinge. A self-aligning tapered self-sealing lip is provided between the cover and the container. The container comprises a hook retainer with a V-shaped bottom point having an outer

face and an inner face tapering relative to the container. The cover comprises a flexible tab with a bottom V-shaped hook mating with the hook retainer. The cover further comprises a visual indicator on an outer surface of the cover, adjacent to the tab, the visual indicator indicates a compression point to be contacted to compress the cover and the visual indicator further indicates a direction in which the tab must be moved to release the V-shaped hook of the tab from the V-shaped point of the hook retainer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
